

Subject: Request for Action to Support Trans and Gender-Diverse People in Our Community

Dear Arpan Khanna,

I am writing as a constituent in your riding to express my strong support for the rights, safety, and well-being of trans and gender-diverse people across Canada.

Across the country, we are seeing an increase in anti-trans rhetoric, policy proposals, and public misinformation. These trends put real people at risk and contribute to discrimination in employment, healthcare access, immigration, and public life.

I am asking you to take a clear and public stance in support of trans communities by:

- Supporting federal legislation and policies that protect trans and gender-diverse Canadians from discrimination and violence
- Advocating for federal funding for 2SLGBTQIA+ programs, community supports, and research initiatives
- Ensuring immigration and refugee policies are inclusive of trans people seeking protection in Canada
- Using your platform in Parliament and public communications to counter misinformation and publicly affirm trans rights

Constituents like myself are looking for leaders who will uphold human rights, support evidence-based policy, and ensure all Canadians can live safely and authentically.

I hope you will champion these values in your work. I would appreciate hearing how you plan to support trans rights at the federal level.

Thank you for your time and attention.

Sincerely,
