

Subject: Request for Action to Support Trans and Gender-Diverse People in Our Community

Dear Ernie Hardeman,

I am writing as a constituent in your riding to express my strong support for the rights, safety, and well-being of trans and gender-diverse people in our community.

Across Canada, we are seeing an increase in anti-trans rhetoric, policy proposals, and public misinformation. These trends put real people at risk (especially youth) and contribute to discrimination in healthcare, education, employment, and public life.

I am asking you to take a clear and public stance in support of trans communities by:

- Opposing any legislation or policy that restricts access to gender-affirming healthcare
- Supporting measures that protect trans students' safety, privacy, and inclusion in schools
- Advocating for accessible, timely, and affirming healthcare for trans and gender-diverse people
- Speaking out when harmful or misleading information about trans communities circulates in public discourse

Constituents like myself are looking for leaders who will uphold human rights, support evidence-based policy, and ensure that all people, including trans and gender-diverse individuals, can live safely and authentically.

I hope you will continue to champion these values in your work. I would appreciate hearing how you plan to support trans rights moving forward.

Thank you for your time and attention.

Sincerely,

Your Name
